Przeczytaj teksty. Z podanych odpowiedzi wybierz właściwą, tak aby otrzymać logiczne i gramatycznie poprawne teksty. Zakreśl literę A, B lub C .

ZADANIE 1

In 2013, a mysterious event 1..... place in London that left both scientists and locals puzzled. Thousands of rubber ducks 2..... appeared floating on the River Thames, creating a strange and colorful scene. Nobody knew where they had come from, but theories quickly spread across social media. As investigations began, it 3.....discovered that the ducks had come from a shipping container that 4.....into the ocean years earlier. Although the sight of 5.....rubber ducks made people laugh, it also raised serious questions about the impact of plastic waste on marine life. If more efforts are not made to reduce pollution, similar incidents will happen again.

Bridges are 1..... for transportation but can sometimes collapse, causing serious damage and loss of life. Engineers work 2..... to prevent this by understanding the main causes of bridge failures. Older wooden bridges were 3.at of catching fire, especially from sparks on train tracks. Lots of collapses happen during construction because of mistakes in design or calculations. Although it happens quite rarely, earthquakes can destroy bridges. Some collapses happen 4..... poor-quality materials, hidden defects or the bridge carrying more weight than it was designed for. Trains collapse bridges

through high-speed impact, 5..... large boats can bring them down even at low speeds.

1.A necessary 1.B nice 1.C cheap	2.A longest 2.B hour 2.C hard	3.A risk 3.B problems 3.C dangerous	4.A because 4.B due to 4.C while	5.A despite 5.B than 5.C while

ZADANIE 8

Every year, thousands of animals 1..... while trying to cross busy highways. In Canada, this was a serious problem, especially for deer, bears, and 2..... wildlife. To solve this, engineers built a special bridge covered in grass and trees that allows animals to cross safely. Cameras installed on the bridge 3..... shown that many animals use it every day, reducing the number of accidents. Drivers are also safer because they no longer have to suddenly stop or swerve to avoid animals on the road. This idea has become 4..... successful that other countries are now building similar wildlife crossings to protect 5..... animals and people.
